Dear Dr. Schlottfeldt:

Please refer to the blue copy of our order No. 458394 dated June 26, to Chemical Process Company. We are enclosing copy of letter received from the supplier advising that the Duolite A-5, C-62, and C-63 are unavailable and have been cancelled from our order.

We are unable to order the 2 - Irrrometers requested from Frazar & Hansen, Ltd., until we know the size desired. The stock sizes are 6", 12", 18", 24", 36", and 48". This matter will be held in abeyance until we hear from you further.

We are also enclosing copy of letter from Westinghouse Electric International Company advising that the UD-24 Refrigeration Units are not available. We have, therefore, cancelled them from your list.

The balance of the material requested will be purchased and shipped to you as promptly as possible.

Sincerely yours, .

*William A. Heins*

Re: Order No. 458394

Gentlemen:

We are pleased to receive your order No. 458394 but regret to inform you of complications that have arisen.

Since our quotation of May 24, Duolite A-5 has become unavailable and will not be available in the foreseeable future.

As noted on our quotation, shipment of Duolite C-62 and C-63 is subject to supply on hand upon receipt of order. At present the supply of C-62 and C-63 is exhausted.

The shipment of the Duolite Deionizer No. 5 and the Duolite Evaluator No. 126 may be delayed past the proposed shipping date since these are made to order items and we have run into a conflict between the production of these items and employee vacations.

We see by your order that these items are for shipment to Brazil. Therefore, we assume that you would prefer to have all the items shipped together and will hold up the shipment awaiting the availability of the Deionizer No. 5 and the Evaluator No. 126.

Unless advised to the contrary we will take the following action:

1. Ship the Deionizer No. 5, the Evaluator No. 126 and the Duolite resins, with the exception of A-5, C-62 and C-63, as soon as the Deionizer and Evaluator are available.
2. Cancel shipment of Duolite A-5, C-62, and C-63.

The Duolite A-40, C-20, CS-101, S-30, S-10 resins can be shipped immediately if requested.

If you find that Duolite C-62 and C-63 are still essential for your ion exchange work in the future, we suggest that you check with us again to determine their availability.

The Rockefeller Foundation  
New York 20, NY

Attention: Mr. William A. Heins

Subject: Your ref. RF56050 SCLOTT.BH

Dear Mr. Heins:

We are very sorry that we are unable to supply the UD-24 Refrigeration Unit requested in your above subject inquiry dated May 6th. We have discontinued the manufacture of this unit, and have no suitable substitute to offer.

Very truly yours,

L. W. Blevins  
Direct Sales Dept.
