Dear Mr. Roberts:

First of all, may I inform you that I not writing as Director, since I have left that position some time ago.

But I still have a consultation to make with you which regards to a Bank Order that was received by the local Banco do Brasil in Jan.6th/60. It was issued by the chase Manhattan Bank, N.Y., check no.B-14768, for a total of..... Cr\$ 100.000,00.

About three manths ago I was informed about this, but since we dit not know the origin of that check we had to wait until it was clarified.

It seems to me that this amount corresponds to a final complementation of the US\$50.000,00 that the Rockefeller Foundation had offered as salary supplementation to those doing research. In my last report, with which a copy of our pay roll was also sent, a negative balance was indicated which corresponded to the same above figure. Also, as I mentiomed then, I had given order to our Treasurer to cover that difference with my personal responsibility. I am mentioning this as a way to review the entire matter.

What I would like, from you, evidently, is a confirmation of my assumption which would permit us to proceed with receiving that check without any doubts being left.

Sincerely yours,

a) C.S.S.

Re: RF 56050

Dear Dr. Schlottfeldt:

This will acknowledge your letter of December 5 to Dr. Roberts concerning the Chase Manhattan Bank draft No. B-14768 in the amount of Cr. 100,000.00 which was forwarded to the Rural University under date of January 8, 1960.

This amount represented our final payment for supplementary salaries payable to full-time staff members for the month of April, 1959. You will recall that the financial statement submitted with your letter of November 30, 1959, showed an overexpenditure of Cr. 100,000.00 for salary supplements. Our remittance was to reimburse the University for the overexpenditure incurred.

Sincerely yours,

a) John H. Greenfieldt.
